Booth Setup Information

Space Allotment—Your space allotment is available in increments of 10' x10'. Your tent will use the entire space unless you request a smaller tent, such as a 10' x 10' tent on a 10' x20' space. Due to the enforcement of fire lanes and visibility issues, **you are not allowed to use additional space in front of or to the side of your allotted space. This will be strictly enforced. If you need more space, you will need to pay for a larger size area. Sandwich Boards and signs must be under 4ft tall.** Certain areas of the event have greater flexibility in terms of extra space availability. We will do our best to work you into

one of these spaces. An additional space fee may apply. Please indicate your needs on the application and include a drawing of your anticipated setup.

Space requests for trailers should include pop-outs, awnings, free-standing display items and tow vehicle (even if tow vehicle will not be connected to the trailer during the event, we need to know the size to allow for maneuverability into the assigned space).

Tents, Furniture, Freight Handling, Labor, and Carpet— Tents: - Tents (3 sides with top) and furniture are provided as per the specifications listed under *Exhibitor Booth Rates*. Larger tent configurations are available upon request. Please indicate your booth size requirements on the *Exhibitor Application*.

GES Expositions is able to provide additional services for you beyond what the Association can provide. Therefore, if you have requests for additional tables and/or chairs, display racks, carpet, grid wall, etc. or if you need freight handling or labor to setup your booth, contact Jeff Long with GES Expositions Reno at 775.332.7028.

The Association will not accept any shipments of freight at our location. If you need to ship freight in, you will need to contact GES.

The Association is not responsible, nor will it arrange to provide, movement of freight and any kind of labor for the installation, removal or servicing of any Exhibitor space.

Exhibitors utilizing their own canopies or shade covers must realize this is an outdoor event held in an area of sudden gusting winds. Permission to erect Exhibitor owned displays must be reviewed/approved by the Association and displays which cannot be properly secured to withstand high winds will not be erected (i.e., EZ UP Canopies). Tie down stakes on grass area will require preauthorization and a RARA official present during installation. If needed, water barrels will be available to rent at \$10.00 each. Repair of any holes discovered in the field areas will be billed back to the responsible Exhibitor. It will be expensive.

Booth Security—Your supplied tent does not come with a front enclosure (4th side). GES has limited number of front enclosures available on a first-come basis. It is strongly recommended that you provide your own front enclosure (such as a tarp) and clamps or ties to secure your tent. While we do have 24-hour security onsite, we are not responsible for your loss of goods for any reason.

Electricity—There are a limited number of 20-amp standard service electrical outlets available. If your equipment requires additional power, there may be additional fees. Generators are not permitted. **If you plan to use electricity, please bring 100-foot, heavy-duty extension cords.** A three-prong twist lock to standard plug, OSHA-approved junction box adaptor is required to facilitate your power hook-ups. This adapter will be provided for use at the event—**DO NOT** take them home with you. All Exhibitors who plan to use electricity must indicate so on the *Exhibitor Application*. **It is imperative that the electrical portion of your application be complete and accurate for proper placement of concession on site.** Electricity may not be available during event setup, but will be in place by opening day. Please plan your setup accordingly.

Telephone Service—Orders for telephone service (to run a credit card machine, etc.) must be placed by **August 1, 2018,** with AT&T at 800.288.2020 and request temporary service for the Reno Air Races. If you have used their service at past Air Races, an old account number and booth location are helpful. We provide a space list directly to the AT&T technicians.

A disruption of electrical, telephone data lines, water, etc., due to any cause, does not void the Exhibitor Sales Agreement.

Wireless Internet— If you plan to use a wireless phone card to access the internet, be aware that during the event, high cell phone usage can cause delays in processing data. The Reno Air Races plans to have wireless available, however; a back-up plan is highly recommended.

Booth & Space Clean Up—At the end of each day during the Air Races, each Exhibitor is responsible for the clean-up of their sales area. All equipment, whether tents, trailers or push carts, must be attractive, clean and in good repair. Exhibitors must care for and keep in good order their occupied space. It is very important to be aware and take every precaution possible to prevent any possible injury to visitors, guests or employees.

Parking—A Re-Supply Parking Pass will be issued to each Exhibitor for their supply vehicle. The vehicle may come inside the gate to re-supply during non-event hours. Exhibitors may not park their supply vehicle in any space other than designated Exhibitor parking areas. Fire lanes shall be maintained and unobstructed at all times. Violator's vehicles will be ticketed by the appropriate authority and towed away at the owner's expense. After loading/unloading, all vehicles must be moved and parked in the designated *Exhibitor Parking Lot*. Supply parking permits are not needed for setup before September 12, 2018, or after 5 pm on September 16, 2018, for most Exhibitors. Exhibitors in the Pit Area will be given supply passes for Monday and Tuesday. All vehicles entering the event area will need to carry valid Auto Insurance coverage.

The Exhibitor Lot is located at the east end of the airport. Exhibitors will be issued up to 2 Exhibitor Parking Permits per booth to park in that lot.

Camping—The Association has a limited number of dry camping spaces available for RVs. You may purchase a reserved space in advance by contacting the Air Races office. Overnight sleeping is not allowed in any area other than the designated RV parking/camping areas.

Products Approved

To Distribute/Display—It is expressly understood that Exhibitors, their agents or their employees are prohibited from distributing, selling or displaying products except of those listed on the Exhibitor Application and approved by the Association. Exhibitors may request the approval of the Association to change the list of articles, products and/or services up to one month prior to the Air Races. Please submit any changes in writing. **Distribution of flying objects (any type of umbrellas, kite, balloon or model airplane, toys that shoot, fling or are otherwise operated by rubber bands) are prohibited. Weapons such as guns and knives, including small pocket knives, are prohibited. Explosive devices will not be allowed.**

Exhibitors do certify that they are an authorized distributor, manufacturer or licensee of all articles, products and/or services that are distributed, displayed and/or sold at the Air Races.

To Give Away—No food, beverage or merchandise (i.e., balloons, visors, sunglasses, T-shirts, etc.) may be given away anywhere on the Air Races grounds. Such acts conflict with concession rights held by others. Exhibitors expecting to dispose of sample and gift items must obtain written permission from the Association.

Literature—All literature that is to be distributed or displayed must be received and approved by the Association by June 30, 2018; otherwise, the Exhibitor will be prohibited from distributing or displaying said material.

Examples of prohibited wording are (but are not limited to) "National Championship Air Races," "Reno Air Races," "2018 Air Races," etc.

The term "National Championship Air Races," "Reno Air Races" and the Air Races pylon, in particular, are registered trademarks, and their use is prohibited.

Requests for exemption for any prohibited wording/graphics must be presented in writing to the President/CEO of the Association and a copy of the proposed artwork should accompany the request.

Violators of this policy will be removed from the Air Races premises and prosecuted.

Raffles/Drawings—Raffles or drawings that have been approved by the Association and which comply with all applicable Federal, State and Local statutes and ordinances will be permitted. All raffles/drawings must be registered with Association prior to confirming the Sales Agreement. The names and addresses of the winners must be filed with the Association within 30 days of the closing date. Drawing entries must be kept in secured containers so as not to litter the event grounds.

Rules of Conduct—The Association reserves the right to stop and remove and/or relocate any Exhibitor or their representative(s) from exhibiting, selling or performing any act or practice which, in the opinion of the Association, is objectionable, interferes with the performance of others or creates a health, safety or fire hazard.

Use of loud noise makers is strictly prohibited (for example bull horns, megaphones etc.).

All Exhibitors are expected to conduct themselves in a professional manner or will be asked to leave immediately, according to the rules of this agreement. Any unruly conduct, refusal to follow rules or use of foul language to Air Races patrons or personnel will be considered grounds for immediate expulsion from the Air Races. **Exhibitors in violation of these rules will not be invited to return to subsequent Air Races.**

The Association provides a service to both Exhibitors and Air Races fans. It is our policy to maintain clean facilities and neat grounds and respect our visitors. We must insist that our Exhibitors provide the same respect for our Air Races fans as well as fellow Exhibitors. For our mutual benefit, we retain the right to remove any Exhibitor from the Air Races grounds if the Association feels that the Exhibitor violates our rules of conduct or does not comply with the signed agreement and written rules. **RARA will have staff dedicated to monitoring activities of Exhibitors and Exhibitors to ensure adherence to all Policies and Rules.**

The decision of the Association on all matters not covered in these conditions will be accepted as final.

General Policies and Rules

Deputies of the Fire Marshal will be on the grounds during move-in as well as Air Races event days to inspect booths and may demand the removal of any exhibits not conforming to rules.

Terms of Agreement

Your organization shall act as an independent contractor and not as an agent or representative of the Association. You shall not hold yourself out as speaking for or on behalf of the Association nor permit anyone under your authority to do so.

In determining the number, size and location of booths, the Association will not be unreasonable or arbitrary, but the Association may consider the needs and requirements of other Exhibitors, exhibitors, traffic, crowd control and other matters relevant to the operation of the event.

You shall designate in writing the name, address and telephone number of the responsible person in your organization who is authorized to speak for and to fully represent your organization in connection with the Exhibitor. You may at any time change representatives by a new written designation. Unless otherwise specified, the contact name and contact information provided on the *Exhibitor Application* will constitute this designation.

This concession is granted specifically to your organization and may not be transferred, assigned or subcontracted, in whole or in part, without the written consent of the Association. **No sharing of booth space with another Exhibitor is allowed without express written permission from the Association.**

The foregoing concession privilege is granted for this year’s event only, and neither your organization nor the Association shall be obligated for any future year. If the terms of this agreement are accepted, it will be your responsibility to perform in a manner that creates a favorable public impression and goodwill for the National Championship Air Races and for the community at large.

Please sign below and return to the Association to indicate your acceptance of the agreement. It is mutually understood and agreed that no alteration or variation of the terms of this agreement shall be valid unless made in writing and signed by the parties thereto.
